

EX-CEL[®] EFS has been specifically formulated to provide an environmentally friendly product that when printed can be used for a variety of applications. Standard sheet sizes are 4'x 8' in 3MM and 6MM.

EFS FEATURES:

- ❖ Co-extruded sheet, so it can't delaminate.
- ❖ Black core is recycled PVC, White cap sheet is virgin PVC resin for flatness and consistent surface thickness.
- ❖ Allows the end-user to have a versatile white or black sheet for one-sided applications.

APPLICATIONS:

- ❖ Advertising signs ❖ Displays ❖ Exhibition stands
- ❖ Point of sale ❖ Interior designs ❖ Models and Prototypes
- ❖ Embossing and Engraving

SUITABLE FOR:

- ❖ Cutting ❖ Sawing ❖ Shearing ❖ Punching ❖ Drilling
- ❖ Milling ❖ Riveting ❖ Screwing ❖ Painting ❖ Printing
- ❖ Photo Mounting ❖ Bending ❖ Engraving

SPECIFICATIONS:

- ❖ Easy to fabricate ❖ Light Weight ❖ Low flammability
- ❖ Outstanding durability ❖ Non-warping ❖ Non-corrosive
- ❖ Non-Toxic ❖ High impact strength
